

Honeywell is now offering a valve, actuator and damper Specification Take-Off Service that will allow Honeywell contractors and distributors to submit job specifications and engineering documents quickly and easily.

Why do it yourself when Honeywell can do it for you?

Now you can send your specifications for valves, actuators and dampers directly to Honeywell. Our well-trained technical team will perform the Take-Off and will submit a product schedule to you with a Base Price. Honeywell's Take-Off Service can be used to create schedules from scratch or to cross competitive schedules to Honeywell product.

APPLICABLE PRODUCTS

- Valves
- Valve Actuators
- Dampers
- Damper Actuators

TYPES OF TAKE-OFFS

- Complete Schedule Creation
 - Complete schedule from the original job spec
- Partial Schedule Assistance
 - Determine the correct Honeywell line that is needed for the job
- Cross-Reference Service
 - Convert competitive quotes to Honeywell
 - Update Honeywell-to-Honeywell obsolescence occurrences

HOW TO USE THE TAKE-OFF SERVICE

Please take the following simple steps to take advantage of this new feature:

1. Go to customer.honeywell.com/spectakeoff, then click on the "Take-Off Service Worksheet."
2. Complete the worksheet, or use your own.
3. Submit your information in one of the following ways:
 - a) Fax toll-free to 1-877-880-3386
 - b) Fax local to 1-612-951-1238
 - c) Email to takeoff.service@honeywell.com
4. You will receive a confirmation that we received your submittal. The turnaround time is dependent on whether a complete specification document was submitted. The Take-Off team will contact you if there is any need to clarify the document.
5. Our technical team will perform the Take-Off Service and will send a quote.

QUESTIONS

If you have any questions about this new service, please call our Specification Take-Off Hotline or your Customer Care Representative.
