PRO-Fit™

Precision Flaring Kit

Code	Description	Qty.
87001	PRO-Fit™ Kit	4
87002	1/4" Replacement Hex Bit	6
87003	3/8" Replacement Hex Bit	6
87004	1/2" Replacement Hex Bit	6
87005	5/8" Replacement Hex Bit	6
87006	3/4" Replacement Hex Bit	6

Application • Creates precise and fast standard 45° flares in copper and aluminum line sets for Mini-split HVAC units • The spinning hex bit forms a standard 45° flare, without splits, burrs, blemishes or uneven edges that typically cause flare fitting connection leaks

Recommended for • Copper & aluminum line sets • Mini-split HVAC units • Any application requiring a 45° flare

FEATURES

- Stopper ensures a consistent length of the flare surface
- Tip guides the flaring bit into the tube & forms a standard 45° flares
- Standard 1/4" Hex Shank fits directly into most power tools without adapter
- Color coded hex bits for easy ID
